

PLASKOLITE COATINGS COMBINED WITH TUFFAK: AN UNBEATABLE COMBINATION

The polycarbonate sheet product TUFFAK is available with long lasting anti-fog coating. This optically clear sheet will retain its anti-fog properties even after repeated cleanings with commercial glass and lens cleaners.

Typical applications include ski masks, swim goggles, underwater photography equipment, industrial safety shields and firefighter helmets.

- » Permanent anti-fog properties
- » Easy to clean
- » Resists commercial glass cleaners
- » Formable - drape and line bend with soft radii
- » Standard part sizes
- » Sheet thickness 0.040" - 0.236"
