

DURAPLEX: IMPACT MODIFIED ACRYLIC SHEET

DURAPLEX impact modified acrylic sheet is significantly stronger than double-strength window and polished wire glass, making it an excellent choice for displays, skylights, signage and replacement windows.

- » Many times stronger than glass
- » Lightweight for easy handling
- » Excellent weatherability and insulating properties
- » ANSI Z97.1 American National Standard for Safety Glazing Materials Used in Buildings - Safety Performance Specifications and Methods of Test
- » IBC section 2606.4 Light Transmitting Plastics (DURAPLEX = CC2)
- » ICC-ES Evaluation Report #ESR-2590 (DURAPLEX)
