*RE: Statement on Conflict Minerals
Plaskolite Polycarbonate Sheet Products*

To Whom It May Concern:

Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act requires SEC-reporting companies to disclose their use of conflict minerals cassiterite, coltan, wolframite and gold or their derivatives tin, tantalum and tungsten sourced from the conflict regions of the Democratic Republic of Congo (DRC) or adjoining countries.

Plaskolite, LLC has reviewed its supply chain to assess products and raw materials for conflict minerals. This process includes reasonable country of origin inquiries to suppliers of raw materials. Based on the information obtained from this process, we conclude that Plaskolite's polycarbonate sheet products are "DRC Conflict Free" as defined by the SEC Conflict Minerals Final Rule (Release No. 34-67716; File No. S7-40-10; Date: 2012-08-22).

The information presented herein is believed to be factual and reliable. It is offered in good faith, but without guarantee, since conditions and methods for the use of our products are beyond our control. We recommend that the prospective user determine the suitability of our products and these suggestions before adopting them on a commercial scale.

We hope that this information is useful to you and provides clarity on Plaskolite's compliance with Conflict Minerals. Please contact us at (800) 848-9124 if you have any questions related to this matter.

Sincerely,

Plaskolite Product Support Team
